Dear Miss Davis:

In analyzing your station's performance of the RCA University Library program series for the 1953-54 college broadcast year, we find that we have no report from you as to the number of RCA programs performed during the months of September, October, April, and May, 1953-54. The contract for this program series, you will recall, requires that 130 programs be broadcast during the school year. Our records to date show your cumulative total for 1953-54 to be 69 programs; however, we presume this total will be increased by your affidavit for the months of September, October, April, and May.

So that we may complete our reports to the Radio Corporation of America and clear the way for your station to continue in the RCA University Library program series next fall, won't you please fill in and return the enclosed monthly broadcast report form?

Thanks very much in advance for the prompt attention and cooperation we are sure you will give us in this matter.

Sincerely yours,

COLLEGE RADIO CORPORATION
